PRINCE2 Foundation and Practitioner Certification Course

~~R20222516_202025~~ Location: Istanbul (Turkey) Fees: 4200 GBP

Why This Course

PRINCE2 is a structured and widely recognized project management methodology that helps organizations manage projects with clear governance, defined roles, controlled stages, strong business justification, and consistent decision-making. For project professionals, understanding PRINCE2 at both Foundation and Practitioner levels provides the knowledge and confidence to manage projects more effectively across different environments.

This comprehensive 5-day PRINCE2 Foundation and Practitioner Training program equips participants with a clear understanding of PRINCE2 principles, themes, processes, and practical application. The course prepares participants for both PRINCE2 certification exams while developing their ability to tailor PRINCE2 to real project scenarios. Through case studies, mock exams, practical exercises, and scenario-based learning, participants will build the skills needed to apply PRINCE2 with confidence in professional project settings.
