Day 4: Contract Administration and Change Management

- Best practices in contract administration
- Managing variations and change orders
- Time and cost control techniques
- Documentation and record-keeping strategies

Day 5: Dispute Avoidance and Resolution

- Proactive dispute avoidance techniques
- Alternative dispute resolution methods
- Arbitration and litigation considerations
- Case studies in construction dispute resolution

Practical Wins for Participants

- Ability to draft and negotiate complex construction contracts with confidence
- Enhanced skills in identifying and mitigating project risks
- Improved contract administration and change management capabilities
- Strategies to effectively avoid and resolve construction disputes

UK Training

PARTNER

A graphic illustration of a chessboard with a checkered pattern. Three chess pieces are visible: a gold king, a silver pawn, and a gold pawn. The background features concentric circles emanating from behind the king piece.
