Mastering Structured Thinking & Executive Presentation

Ref: 20260307_230827 Duration: Doha (Qatar) Fees: 4200 GBP

Course Description

This intensive 1-week course equips participants with advanced structured thinking and executive presentation skills. Participants will learn powerful problem-solving frameworks used by top strategy consultants and develop the ability to communicate complex ideas clearly and persuasively to senior leadership. Through hands-on exercises and real-world case studies, attendees will master techniques for breaking down complex problems, crafting compelling narratives, and delivering high-impact presentations.

Learning Objectives

- Apply structured thinking approaches to analyze and solve complex business problems
- Develop clear, concise, and compelling executive-level presentations
- Craft data-driven narratives that resonate with senior leadership
- Enhance executive presence and confidence when presenting to C-suite audiences
- Master techniques for handling tough questions and driving decision-making

Course Modules

Day 1: Foundations of Structured Thinking

- Introduction to structured problem-solving frameworks
- Breaking down complex problems into manageable components
- Hypothesis-driven problem solving
- Data gathering and analysis techniques

Day 2: Advanced Problem-Solving Techniques
